---

## Experience

### LivingSocial

Software Engineer

Jun 2015 - May 2016

Tasked with updating and improving LivingSocial's Merchant Portal while on the Merchant Center team. Duties included:

- Rotational On-Call Responsibility for triaging production issues from support, prioritizing them, then implementing and communicating fixes to numerous stakeholders
- Managed and maintained the Front-End for four large-scale applications
- Collaborated with UX and Marketing departments to create high quality site updates and redesigns
- Estimated effort/risk for new features and projects and provided reports/recommendations to management
- Released new versions of custom livingsocial gems
- Responsive UI for mobile and tablet screens

### General Assembly

Web Development Immersive

Nov 2014 - Mar 2015

Full-Stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individually focused and collaboratively focused projects.

### VueCare Media, LLC

Multimedia Producer

May 2013 - Oct 2014

Created patient education content through the use of scientific animations and broadcast-quality motion design.

- Web Design and Development
  - 2D and 3D Animation
  - UI/UX Design
  - iPad App Development
-
